

BIO for Bill Coakley
Sr. Director, Supply Chain Management
SciClone Pharmaceuticals

Bill Coakley has been a key contributor in the Biopharmaceutical and Medical Diagnostics industries for over 25 years. He has experience in global, multi-division and start-up companies directing supply chain activities for such companies as Celera, Genzyme Corporation, Quest Diagnostics and Genetics Institute.

Bill is currently Chairperson for the Supply Chain Sourcing Management Steering Committee for BioSupply Alliance and on the APICS Golden Coast Chapter's board of directors, as their Vice President, Professional Development, Life Sciences Industry. Bill was the Co-founder and first Chairperson for the Massachusetts Biotech Council's (M.B.C.) Purchasing Committee. It was due to its success that he was asked to help establish the Biotechnology Industry Organization (BIO) Purchasing Committee and to become their first Chairperson.

Bill earned an MBA from Anna Maria College (Paxton, MA) and a BBA in Business Management from University of Massachusetts (Amherst, MA).
